

SB1800-2 Swing beam boat trailer

£4357.00

British made De Graaff Trailers SB1800-2 ADJ, 1800kg, single axle, 2 wheel braked, swing beam multi-roller boat trailer.

The totally welded hot dipped galvanised chassis incorporates two adjustable swinging beams fitted with 32 nylon 'V' bush ribbed rollers, making loading and unloading the boat a lot easier even in shallow water. This trailer has a double layer chassis for extra strength. The adjustable drawbar allows the length of the trailer to be altered to suit the size of boat.

The drawbar can be removed when storing the boat and trailer in a garage.

Suitable for:

Cruisers, Ribs, Speedboats, Sailing boats and Sports boats.

Length capacity: 16ft (4.9m) to 21ft (6.4m)

Gross weight: 1800kg (3960 lbs)

Carrying capacity: 1400kg (3080 lbs)
